(Visitors should enter the Entrance 5 - Visitors & Patients)

Our offices are at F51 in the Old Main Building of Groote Schuur Hospital. So that's the original old building at the top of the hill. Go up Groote Schuur Drive to the top of the hill (that is on the town side of the new hospital away from medical school) and Old Main Building is at the top ahead of you, behind the boom.

Once you are in the OMB, follow the signs on the E-floor to F51 Division of Emergency Medicine, on the M3 highway side of the building.

*NOTE: There is only one lift that will take you up from the ground level (E floor) to the Division – **not** the main lifts near the OMB entrances. You need to keep left after you go in, pass the hairdresser, soon after that right, and immediately after the E51 Clinical Skills Lab the lift is on your left.*
